

[illegible]

Technical drawing of a mechanical linkage system, likely a pump or valve actuator. The drawing includes a side view and a detail view of a component.

Side View Dimensions:

- Top horizontal distance: 90
- Distance from top pivot to first joint: 65
- Distance from first joint to second joint: 118
- Distance from second joint to third joint: 12
- Distance from third joint to fourth joint: 102
- Distance from fourth joint to fifth joint: 170
- Distance from fifth joint to sixth joint: 70
- Distance from sixth joint to seventh joint: 65
- Distance from seventh joint to eighth joint: 270

Detail View Dimensions:

- Distance from top pivot to first joint: 65
- Distance from first joint to second joint: 118
- Distance from second joint to third joint: 12
- Distance from third joint to fourth joint: 102
- Distance from fourth joint to fifth joint: 170
- Distance from fifth joint to sixth joint: 70
- Distance from sixth joint to seventh joint: 65
- Distance from seventh joint to eighth joint: 270
