

The image contains three technical drawings of a mechanical assembly, likely a pump or motor component.

- Top View:** Shows a circular component with a central hub and four spokes. It is mounted on a rectangular base. Dimensions include a width of  $\leq 415$  and a distance of 137 from the center to the right edge.
- Side View:** Shows the component from the side, highlighting the mounting bracket and the central shaft. A dimension of 8-15 is indicated for the height of the mounting bracket.
- Cross-sectional View:** Shows the internal components, including the shaft and the mounting bracket. A dimension of  $\phi 240$  is indicated for the diameter of the shaft.
